

# NATIVE PLANT SOCIETY OF NEW MEXICO

a nonprofit membership organization dedicated to conserving the native flora of new mexico

## NEW MEXICO'S VOICE FOR NATIVE PLANTS

The NPSNM has chapters in New Mexico and in El Paso, Texas, which work locally to promote the objectives of the organization. Through various activities the chapters educate their local communities so they might better understand their regional flora. Chapters conduct regular field trips around the state to explore native vegetation and invite guest speakers to share their knowledge at regularly scheduled meetings. Many chapters sponsor annual native plant sales, seed exchanges, and workshops.
